

Agents... Get Involved!

Life Adventures works hard to make the process for getting signed on as one of our agents as quick and painless for all involved as possible.

Once we receive an expression of interest from an agency (through our website form or an e-mail to info@lifeadventures.us) we contact you to find out about your recruiting process and sources to ensure that everything is a good mutual fit.

After the brief review process, things begin to happen very quickly:

- 1.) You sign off on the agency agreement.
- 2.) Life Adventures sets you up with your customized submission forms - ensuring that all your participants can submit their information quickly and easy and that you receive credit for your participants.
- 3.) Life Adventures sends you electronic copies of any customized marketing materials that you need to support your recruiting efforts.
- 4.) You begin to receive DS-2019 forms and other related paperwork.
- 5.) Your participants start to have great experiences in the USA!
